The little green frog (MLD, SLD & PMLD suitable)

Activities for SEN:

This is a silly song that will get everybody smiling, irrespective of ability.

- Children can clap along to the rhythm or pass a ball round the circle while the song plays. Encouraging sharing and turn taking is particularly valuable for ASD children.

- This song is ideal for children with limited speech as they can join in with the 'mm-mm-mm' part of the song as well as the 'la la la la la' section.

- For children with no verbalisation use instruments instead. For example, in the section that goes 'But we know frogs go…' and then use a shaker or xylophone in the gap.
